

The Foundation of our Democracy

The Preamble to the US Constitution

We the People of the United States, in Order to form a more perfect Union, establish Justice, insure domestic Tranquility, provide for the common defense, promote the general Welfare, and secure the Blessings of Liberty to ourselves and our Posterity, do ordain and establish this Constitution for the United States of America.

Democrat or Republican: Where do YOU stand?

2022 Texas Democratic Party Platform: Preamble

Texas Democrats will fight for a well-functioning government that acts based on facts and evidence to preserve the life, health, and well-being of every person. The interdependence of every Texan on the actions of every other Texan challenges us to give of ourselves so that none of us fall. Together, we will overhaul the social contract and establish a new economic engine that allows all residents to thrive.

2022 Texas Republican Party Platform: Preamble

Affirming our belief in God, we still hold these truths to be self-evident: that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty, and the Pursuit of Happiness. Throughout the world, people dare to dream of freedom and opportunity. The Republican Party of Texas unequivocally defends that dream. We strive to preserve the freedom given to us by God, implemented by our Founding Fathers, and embodied in the Constitution. We recognize that human nature is immutable. We further recognize that the traditional family is the strength of our nation. It is our solemn duty to protect innocent life and develop responsible citizens. We understand that our economic success depends upon free market principles. If we fail to maintain our sovereignty, we risk losing the freedom to live these ideals.
